Early, Mrs. Voter, Early!

The polls are open to-day from 6 A. M. to 6 P. M. In the 720 minutes about a million men and women will vote in the 2,567 polling places of Greater New York, That's a vote every two minutes in each place.

No voter need hazard a spolled balin the booth. But all voters who a year. value comfort and time should make It a point to vote early. This advice applies particularly to Mrs. Voter.

A large number of women failed to register because they went to the with hundreds of millions of goods polling places late on the last day and land has gone on fixing the Canadian found them crowded. They may find them crowded again late this afternoon. Get the job done this morning-and early.

America's Opportunity for Scientific Leadership.

Dr. ALEXIS CABREL'S decision not to stay in France, his native country, but to return to the United States to pursue the studies in which he has \$642,000,000. fame is at once a compliment to this only a few years, must put Canada in means perfect prosperity. open and clear the pathways of science here. The fact that the United tion will be second in the whole than any other country to support by the same token such stupendous scientists in their researches is obvious, but this is a temporary condination is too poor to provide ade. of greater and greater magnitude. quately for the retention within its educational system, formally or informally, of an investigator and instructor of Carret's eminence, and it is dreds of millions of dollars a year she not of money handicaps that he speaks can settle her accounts in this counin announcing his determination to try, she can settle her accounts in any come again to this country.

The burden of Dr. CARBEL'S com plaint about conditions in France is tury and more. that there is no longer opportunity in that country for original, daring A Memory System for Making the exploration of the unknown. The barriers of conventionality, in his opinlon, have contracted to a degree which booth it is better, considering the form ahead with the job of putting the imperils scientific work and prevents of the ballot, that he or she should young and ardent spirits from ac- remember the names that are to be complishing what they might. In Dr. voted for rather than the names to CARREL'S Words:

"France is atrophying and stifling her great minds by the formulas of another age.

"Powerful castes have been formed which refuse to admit new ideas and conceptions.

"Independent spirits and ideas find insurmountable barriers before them. "The French faculty of medicine

in the Pasteur Institute opens its doors only to the specially elect; scientific audacity is not tolerated; discoveries that shatter the theories of old masters never are admitted.

"Science is restrained to the point

Attribution of this intellectual condition to French savants by an aulished in any school in what would and profitable calling. lavishly rewarded.

country is plain. Blessed with that gobble everything. The pleman hopes freedom from artificial restraint, and they won't, but wonders why they given to that wholesome questioning don't. However, even in his darkest of precedent which, when based on moments he says with fine geniality; proper training and natural ability, "They're nothing but a lot of boobs; year ago there yet remain for final offers to genius its best opportunity if they knew as much as I do they adjustment only Fiume and the Daito flower in accomplishment, America | wouldn't tote pie in here for some- | matisn coast. For Flume the Italians may properly aspire to the leadership in science her resources would justify.

united in a true republic of science his sensibilities, but it would not rewill share.

Canada's Financial Power.

Canada, our near neighbor, good riend and big customer, looms higher and higher in the world's sky as a lives. creditor nation.

huge development work to do. She had to open up her vast natural resources. She had to build mills and plants to handle them. She had to string railroads over thousands of miles of territory. To do all this before she could cash in Canada had to be, as the United States had been for so many years, a heavy borrower,

Through all those days of construction and development Canada's banker was London, London invested directly in the Dominion hundreds of Dominion hundreds of millions of bills which the Dominion owed us for raw material and equipment and other supplies necessary to the extension of Canadian industries.

But almost immediately after the war broke out more than five years ago Canada became one of the great sources of supply of the Allies. Canada sent hundreds of millions of lumber and provisions to them. She sent numbereds of millions of munitions to them. Canada, in truth, became a financier of the Allies.

the United States of the raw material and other supplies which she nov needed to take care of the demand not only of herself but of her foreign customers was prodigious. It ran an lot or an incomplete marking by being average with us well above some hasty. The law allows five minutes three-quarters of a billion of dollars

It is pretty nearly a year since the war closed, but in these later months of peace as in those months of war Canada has gone on supplying Europe position as a world creditor nation. In spite of the fact that our balance of trade against Canada for the nine months ending with September last was some \$268,000,000. Canada had a to lull him to sleep. Let him give 75 favorable net balance of trade amount. per cent. of what he earns to the a considerable measure of its present ing to some \$374,000,000. Outside of Canada's record with the United his martyrdom in comfort and show States, in other words, her international trade balance was no less than

caravansarles. It will not do to turn up otherwise than fat and well groomed when colling upon the men whose muscle and brain are making his idleness possible. It might weaken their belief in the blessedness of strikes.

Why should the striker get only \$12 or \$15 a week while the worker gets quarter of it to the fund of the idler? The figures ought to be reversed. The worker has a warm place to spend the day and needs no movies at night striker so that the striker may bear himself to the world as an example of the truth of the bolshevik theory that the less you work the better off you are and that absolute idleness

States.

There has been much talk lately o general strike to be called by confederated labor leaders in the United States to support strikers in various industries or to enforce on the people of this country reforms of one sort or another demanded by factions of the population.

We think it might be an excellent thing if a general strike were called. A general strike has never been attempted here. It never could have succeeded here. It could not succeed here now. It never will succeed here doing.

This being the case, it might be well to have the general strike called now, break it now, and proceed then to go United States on a business basis once

MERCHANTS REJECT TAINT OF TAMMANY

Suspicion of Murphy Control Upsets Broadway Association Election.

'REGULAR' TICKET BEATEN

Anonymous Letter Cause's Eleventh Hour Change at Annual Meeting.

A charge that Charles F. Murphy was trying to influence its affairs added considerable "pep" to the election of officers held yesterday by the Broadway Association at the Hotel Martialque and resulted in an overwhelming defeat for the ticket that, it was hinted, had the Tammany chief's indorsement.

This ticket, which was snowed under by a vote of 138 to 88, was the regular ballot, the choice of the official nominating committee, of which Mr. Murphy's warm friend C. Leon Weinstock, State Commissions State Commissioner of Prisons, was chairman, and among those who go out of office through its defeat are August Janssen of the Hofbrau Haus, who has seen serving as treasurer of the associa-ion, and Mr. Weinstock himself, who

Although Dr. John A. Harriss, Deputy Police Commissioner, received only 88 votes by reason of the fact that his name appeared only on Mr. Weinstock's ticket, he may retain office as vice-president, for there were two vacancies in the victorious ticket which will have to be filled from the defended. Dr. Harriss is tied for these posts with special election to decide which two o

Anonymous Letter Circulated. The clouds hovered over yesterday's

Mont Thompson, president of the asso-ciation, who was nominated on both tickets, called it to order. Many of the members brought with them copies of an anonymous letter which had been circulated directly charging that "Char-ie Murphy had brought pressure to bear" on certain firms to get them to Theodore Wondsel, representative of Everett Heaney & Co., who had offered his opposition ticket, was not present, and letters from his employers repudiating his action and from Mr. Wondse withdrawal of his ticket and own same from the list of candidates for directors were read. It seemed Mr. Wondsel had put his foot in it. He had been appealed to by the men responsible for the opposition ticket, t present it. He had not been aware of the fact that one of the men that he was opposing for reelection was Louis G. Kaufman of the Chatham & Phenix National Bank, of which F. J. Heaney, one of his employers, is vice-president.

His withdrawal, however, did not invalidate the ticket. Col. Thompson ruled is shown in the annexed table: thus because it had been regularly seconded. Several other letters were introduced in which candidates named on 10 A.M. 42 the opposition ticket asked that their 11 A.M. 45 names be withdrawn, among them be-ing Adolph S. Ochs and Charles B. FOR MEN IN UNIFORM

union made hats?

Three candidates of the Prohibition party give no fixed business address. It is fair to suppose that these gentlemen are now busy all over town trying to aid in putting into execution the so-called Volstead enforcement law.

New York, November 3. T. P.

Keeping the Balance in Kansas.

From the Dodge City Globe.

It seems to be a hird matter to keep things belanced up just right. For seme time this town has been long on spiritualism but short on lemon extract and bay rum.

Which she alleges her daughter removed from aparthnents in 1140 Park avenue and stored in the care of the Harlem Storage Warehouse Company.

And stored in the care of the Harlem Storage Warehouse Company.

On afflavits of Mrs. Benjamin, Justice Gavegan issued a writ forbidding the removal of the furniture pending determination of the suit. The papers were served on the warehouse firm by Deputy Sheriff Conlin after Mrs. Benjamin and sum twice the alleged value of the properties of the Harlem Storage Warehouse Company.
